STERNE ALBERT E, Physician, "Norways"

"NORWAYS"

IS STRICTLY a sanatorium for the care and treatment of the sick. It is not a place for persons in search of amusement. The institution is composed of separate buildings and is thoroughly equipped in every particular. The grounds are extensive and beautiful. The cuisine is excellent. Every method of treatment of known value is employed by skilled attendants and specially trained nurses. Patients suffering from all forms of **nervous disease,** *both medical and surgical,* rheumatism, kidney troubles, the various drug habits, are accepted. *Paralytic children* and those in need of the "rest cure" are especially treated. *Only mild mental cases are taken.* Separate buildings for such patients.

Terms. All charges are payable weekly, one week in advance, without exception. They range from $35 to $70 per week, depending upon necessities of treatment and location of room. Regular sanatorium rates include board, room, nursing, treatment and physician's fees. There are no extra charges, unless a special nurse ($20 to $25 per week) is demanded. Average rate $50 per week.

The first complete examination is $10 to $25, whether a patient remain in the institution or not.

Fees for operations depend upon special conditions and are not included above.

Outdoor patients will be charged according to the treatment employed.

Garments. Patients should wear comfortable clothing. No finery is advocated. Each person should have a bath or lounging robe.

Every patient must adhere to the printed rules and regulations of the sanatorium. These are posted in proper places about the buildings. No exceptions will be made to them in any case.

N. B. No person should be brought to the institution who is too weak to be safely removed from home. For further information apply to "Norways" Sanatorium.

Undoubtedly You Are Interested in Knowing the Facts

Underlying the Success of the Studebaker Products

In order that you may be enlightened, we take pleasure in relating them to you for your benefit.

Primarily, a REPUTATION for INTEGRITY of PURPOSE and PRODUCT of two-score years, is responsible and behind the article bearing the name STUDEBAKER. This name of STUDEBAKER has grown through the years past, from a roadside smithy to one of the largest and most powerful industrial concerns in the world. Their world-wide reputation is built on the original, fundamental points—HONESTY OF PRODUCT, SATISFACTION GUARANTEED.

Secondly, they have not deviated a hair's breadth from this policy in the manufacturing of their automobiles. The purchase of the very best raw materials in the largest quantities obtainable; the manufacturing of this material into enormous quantities of automobiles; the use of their own selling organization in marketing their product, are a few of the obvious reasons WHY, of Quality and Cost of their product.

Thirdly, in the production of their cars, the STUDEBAKER CORPORATION have not stinted any of the resources at their disposal to obtain the services of the best men in the world, and have left the problem of production to them, knowing that they could and would evolve a product worthy of the name STUDEBAKER, and which would offer the consumer 100c. value for every dollar of the purchase price.

Fourthly, the STUDEBAKER CORPORATION are using every means available in their vast organization in order that their patron's interests may be safeguarded and that they may have continued satisfaction coupled with the BEST OF SERVICE AT ALL TIMES.

This is the Open Secret of Studebaker Success

Is it not worthy of your consideration ?

The Union Trust Company is organized under a special law which requires a guarantee of ample financial responsibility, and establishes a state supervision. It must be examined twice a year by the Auditor of State, and may be examined at any time he pleases. The safeguards of law thus thrown about it assure correct management. It is authorized to execute all kinds of trusts; is a legal depository for court and trust funds.

SAVINGS DEPARTMENT

Deposits of from one dollar upward are received at any time, on which interest will be paid at the rate of three per cent. per annum, compounded every six months.

Dr. Charles A. Rector

Osteopathic Physician

DR. RECTOR solicits your investigation of this method of treating both chronic and acute diseases. Its theory, in a degree, is new, inasmuch as that most diseases are the result of defaulted mechanism of the human machine, and when the human machine is properly readjusted all organs are restored to their proper functioning powers. Any derangement of the body produces faulty blood and nerve supply and this is the origin of almost all diseases.

Have you read *Osteopathic Facts?* It explains Osteopathy in all its details, and Dr. Rector will be glad to mail it to you gratis if you will phone him or send your name and address to his office

Publicity Counsel?

Some one asks: "What is 'publicity counsel'?"

It is a new professional service, based upon the newspaper man's intimate knowledge of the public and what the public wants.

In serving our clients we are applying long experience as newspaper editors and writers to commercial publicity problems.

The business man with a legal problem expects his attorney to plan and execute, counsel and advise.

So does the publicity practitioner plan and execute, counsel and advise when he encounters a commercial publicity problem.

Thus it is the business of the publicity practitioner to win at the Court of Public Opinion a verdict for the plaintiff in the case of Seller vs. Buyer.

This, then, is our service in general. It covers a wide field—ranging from a business-getting form letter to an educational campaign.

What Shall I Say ?

Most every business man has a business message for the public. The man who is "having his say" is the man who is getting the business. The question is not so much "What shall I say?" but—

How Shall I Say It ?

The measure of his business success lies largely in *how he says it.* His business message must be properly worded. It must fit the time, the place and the opportunity.

The average business man is not fitted by experience or inclination to cope with these difficulties. He has other things to think about.

We haven't.

The Picture Tells the Story

It shows at a glance more than can be told by pages of printed matter or hours of a salesman's talk.

It appeals to all classes alike.

It makes description easy.

It *sells* when other means fail.

But It Should Be the Right Kind of a Picture.

Accuracy is important, attractiveness essential.

Whenever possible it should show the object in its true colors—the extra cost is usually insignificant.

The making of such pictures requires marked intelligence, artists of wide experience, skilful engravers—all in one efficient organization, to insure harmonious and effective *results*.

Stafford engravings bring out all there is in a subject. Whether it be the smallest zinc etching or a beautiful three or four-color process halftone, the same careful attention and expert handling combine to turn out a cut that is perfectly adapted to the purpose for which it is intended.

"Acid Blast" Halftones

Small area of highlight section of halftone, enlarged, showing the deep, clean etch obtained by the "Acid Blast" process. The raised dots are the printing part of the plate.

Same area of highlight section as shown opposite, except etched by the "tub method" still in use in a majority of engraving plants. Note shallowness and unevenness of dots.

"The picture tells the story!" Which kind will you have—the "Acid Blast" kind or the common kind? The cost is the same, but the difference is great.

All the big magazines, as, for instance, The Saturday Evening Post, The Ladies' Home Journal, Collier's, etc., recommend "Acid Blast" Halftones.

They require less "make-ready".

They do not fill up as the common kind do.

They electrotype better, print better, and *are* better than the tub etched kind. Any good printer will tell you so.

We have the exclusive rights to the "Acid Blast" process for this territory.

Try "Acid Blast" halftones on your next order.
They satisfy the customer and delight the printer.

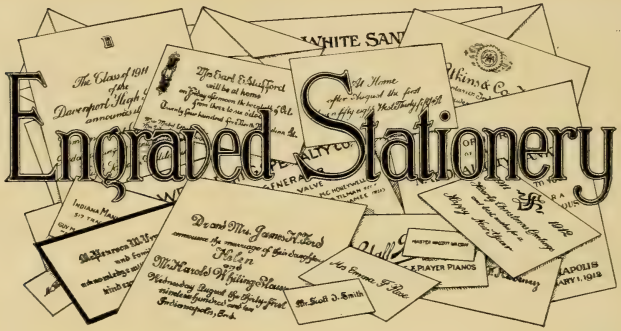
Stafford Service *and* Why

Perhaps you want a single, inexpensive cut, and never expect to order another. Perhaps you buy hundreds of dollars worth of work every year.

IN EITHER CASE you get all there is in the Stafford Service—which means Satisfying Service. If you know what you want your instructions will be faithfully followed. If you are uncertain, all our experience and information is at your command.

Stafford Service Means Distinctly Special Service—an artist who is also a mechanical engineer on machinery drawings; an artist versed in anatomy on figure work, etc.

It means photographers, strippers, printers, etchers, routers, blockers, finishers, proofers, etc., who are no less artists than those who handle the brush and pencil.



And it means business men who understand business in putting the work through intelligently and promptly.

OSTEOPATHY DR. CHARLES A. RECTOR 405 ODD FELLOW BUILDING INDIANAPOLIS Phones New 800 Old Main 1816

WE RECEIVE many complaints from our patrons to the effect that they are bothered so much by **BORROWERS.** These parties are not the private citizen nor the stranger in the city, who steps in, looks at the Directory and goes out, but merchants, business and professional men, who need a Directory every day of the year, yet who are too close-fisted to buy one.

These same individuals are the ones that borrow your Directory "just for a minute," which, in the majority of cases, means a day or perhaps a week, unless you remember that they have it and send for it.

These same borrowers will tell the Directory canvasser that he has "no use for a Directory," that he "knows everybody," and, vice versa, "everybody knows him."
